**Call to Order:** President McManus called the meeting to order at 1:00 p.m.

**Review of the June 23-24, 2010 Board meeting minutes:** Mr. Carr moved to accept the minutes as presented. Ms. Nevins seconded the motion. The minutes were approved with no correction necessary with a 6-0 vote.

**Wyoming Professional Assistance Program quarterly report:** George Vandell, NCAC II, CAP, Executive Director, gave his quarterly report for the third quarter of 2010. WPAP is currently monitoring 39 Wyoming professionals: 5 pharmacists, 1 pharmacy technician, 1 pharmacy student, 1 former pharmacist, 2 dentists, 15 physicians, 4 physician assistants, 2 veterinarians, 7 attorneys and 1 law

student. All of the pharmacists, former pharmacist and the pharmacy student are in compliance. The pharmacy technician is not in compliance and has been reported to Mary Walker. The technician continues to be non-compliant with many positive drug screens for ETG. In 2009 WPAP started monitoring a pharmacy student who has since graduated. This individual is licensed and was monitored for another year. In 2010 this pharmacist was discharged from the program and this individual still attends Caduceus meetings.

Mr. Vandel gave the students a report on what WPAP is and does. The students were encouraged to use this program for anyone who may need it including themselves. The program is intended to be helping hand, not a sledge hammer. All information is kept confidential. Dr. Norwood and President McManus thanked Mr. Vandel for staying with the program until they can transition for a new Director.

**UW Honors Project:** This presentation is postponed.

**Medication Disposal:** Stephanie Stieb, PharmD candidate gave a slide show presentation on why and how to dispose of prescriptions drugs. Her presentation involved a Wyoming "Take back day" on September 25<sup>th</sup>, when law enforcement agencies will take prescription drugs in most cities of Wyoming and dispose of them. One student inquired as to what law enforcement does with the drugs and Mary Walker explained they destroy the prescriptions as if they were evidence.

### **New Business**

#### **Rule/Statute Revisions Proposed:**

##### **Article 10, Controlled Substance Act W.S. § 35-7-1001 through 35-7-1062:**

There was a conversation regarding all the proposed changes to the following sections including spelling and punctuation corrections:

- 35-7-1014 Additions to Schedule I: synthetic cannabinoids, salvia divinorum,
- 35-7-1015 Findings requiring inclusion of substance in schedule II
- 35-7-1016 Additions to Schedule II: oripavine, tapentadol, lisdexamfetamine
- 35-7-1018 Additions to Schedule III: boldione, desoxymethyltestosterone,  
19-nor-4,9(10)-androstadienedione
- 35-7-1020 Additions to Schedule IV: fospropofol, carisoprodol, tramadol
- 35-7-1022 Additions to Schedule V: lacosamide

**Terry Carr moved to accept the above sections with the requested changes. Jennifer Nevins seconded the motion which passed with a 6-0 vote.**

Statue 35-7-1024: registration requirements. Change to 2 year registration, late fees on October 1, notify DEA on September 30 not December 31 of those failing to renew in Wyoming

**Randy Harrop moved to accept the requested changes. Terry Carr seconded the motion which passed with a 6-0 vote.**

Statute 35-7-1030: Prescriptions required in certain instances. Add “electronic”

**Jennifer Nevins moved to accept the requested changes. Terry Carr seconded the motion which passed with a 6-0 vote.**

Statute 35-7-1059: Methamphetamine precursor sales to match federal requirements.

**Randy Harrop moved to accept the requested changes. Jennifer Nevins seconded the motion which passed with a 6-0 vote.**

Statute 35-7-1060: monitoring program addition reports provided if consent is given

Statute 35-7-1002(a)(xx) definitions: Kem Krueger, Associate Professor, UW School of Pharmacy made a request to the Board to add pharmacist to the practitioner meaning in Statute 35-7-1002(a)(xx). Pain management by pharmacists in collaborative practice is being granted in other states including Montana. If “pharmacist” is added to the definition of practitioner in this statute the DEA would issue a registration number to the pharmacist allowing them to make prescriptive changes under collaborative practice. Management of workplace injuries for energy workers or hospice care might be places this would be helpful. This became a lengthy conversation. Kay suggested this change request be tabled for future consideration.

**Randy Harrop moved to review this statute at a later meeting. Jennifer Nevins seconded the motion which passed with a 6-0 vote.**

WPA Chapter 5 Poisons

**Jennifer Nevins moved to delete this chapter. Terry Carr seconded the motion which passed with a 6-0 vote**

WPA Chapter 7 Computer Systems

**John McPherson moved to delete this chapter. Gary Norwood seconded the motion which passed with a 6-0 vote.**

WPA Chapter 14 Telepharmacy: allow controlled substances and correct temperature ranges

**Terry Carr moved to accept the changes to this chapter. Gary Norwood seconded the motion which passed with a 6-0 vote**

WPA Chapter 2 General Practice

Discussion of this chapter included “scope of practice” issues. Fingerstick blood testing by pharmacists was reviewed in other states and it is not specifically listed in rules or statutes. In Wyoming this would be covered under collaborative practice. The definition of “CLIA waived testing” was presented by University faculty. Problems of time and space in retail pharmacy were discussed.

**Jennifer Nevins moved to review the NABP model practice act for this issue. John McPherson seconded the motion which passed with a 6-0 vote.**

WPA Chapter 2, Section 4, Definitions

**John McPherson moved to accept this sections as presented. Terry Carr seconded the motion which passed with a 6-0 vote.**

Section 9, Pharmacist-in-Charge, a report on current status of new graduates as PIC was reviewed. A discussion was held about the need for training on financial and personnel management as well as pharmacy requirements if new graduates become PICs. Leadership/mentoring/best practices could be provided through pharmacy organizations.

**Randy Harrop moved to table the changes to PIC. Terry Carr seconded. Motion passed with a 6-0 vote.**

Section 10, Transfer of Prescription Orders Between Prescription Drug Outlets.

**Terry Carr moved to accept the changes on pages 2-16, 2-17 and 2-18. Jennifer Nevins seconded the motion which passed with a 6-0 vote.**

Section 19, Prescriptions in General. Adding digital or electronic signatures as defined.

**Jennifer Nevins moved to accept the changes on pages 2-24 and 2-25. Terry Carr seconded the motion which passed with a 6-0 vote.**

Section 29, Electronic prescriptions. Adding digital signatures, adding elements from the federal law.

**Terry Carr moved to accept the changes as presented. John McPherson seconded the motion which passed with a 6-0 vote.**

Section 35, Pharmacist work conditions

This section will be reworked due to some conflicting information.

**President McManus adjourned the meeting for this day at 4:59 p.m.**

Discussion was held about the Wyoming Pharmacy Act Chapter 9 Section 4 dealing with abuse/misuse and compliance with prescriptions. A newsletter article is to be prepared describing how pharmacists must use judgment when the multiple alerts come up in the computer system review and how important it is to review the patient profile, contact prescribers, and document what was discussed.

**Executive Director's Report:** Mary Walker gave her report beginning with the eprescribing task force which met in June, July and August. The Drug Abuse Advisory Board met twice to review statute changes and suggest bill sponsors. The budget for 2011-2012 is in place. Hank, Richard and Mary reviewed the self-inspection forms and processes from other states and discussed ways to improve our inspections. Online verifications are still unavailable at this time. Our online renewals for CSR's still need to be manually entered in our system but, IT is working on the problem. Mary has a presentation planned for WPHA technician day at Casper College. The new office copier is under a 5 year contract and offers the staff an outstanding amount of features. Mary met with the compliance officers and the attorney on July 1<sup>st</sup>, 22<sup>nd</sup> and 23<sup>rd</sup> and August 11<sup>th</sup> and 27<sup>th</sup>. She also attended depositions on August 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup>. Mary met in Casper with board and staff pharmacists for a law review. Next year they are planning to meet for a day and a half. She also traveled to Torrington for transfer of ownership of a pharmacy.

**License Renewal updates:** Phyllis Chapman reported that of the 3059 active controlled substance registrants 459 have yet to renew. If our new late fee was in place and we took the 459 with those that renewed after July 1<sup>st</sup> we would have generated over \$72,000 in revenue. We have 229 active interns of which 49 still need to renew. All of the resident pharmacies have renewed and 11 out of 436 non-resident pharmacies have yet to renew. Letters were sent to the 11 that had not renewed. We have 39 methamphetamine precursor distributors and we are still waiting on 17 to renew.

**Compliance Officer's Report:** Richard Burton gave his report stating there were 31 cases since the beginning of 2010. He determined medication errors were the biggest problem. He found that every one of the complainants said if the pharmacist had shown concern or remorse for the error they would not have filed a complaint. Since seeing this, Richard has stressed to pharmacists to show concern on medication errors. Other complaints he is noticing are refilling past one year, license issues, scope of practice and drug diversion. As for inspections, Richard and Hank are stressing the USP 797 checklist to hospitals and the need for compliance. Some pharmacists are already making rounds with physicians. As for retail pharmacies, Richard is not finding as many of the same problems. There seems to be less clutter but he is still finding technicians not posting their licenses. Richard finished his report indicating he is really pushing the need to document everything.

Hank York announced that Jubilee Pharmacy closed in Evanston. Hank was there to oversee the closing and everything went smooth. He will go back the week of September 13<sup>th</sup> to ensure all signs are down

and there are no drugs left on any of the shelves. Hank announced that med-planners were an ongoing saga. Two stores in Casper are having a possible contamination problem and labeling problem. Some physicians prescribing for patients in group homes make changes but the pharmacist doesn't hear about the change for a week or so. These two locations are going back to blister-pack packaging.

**Prescription Drug Monitoring Program:** David Wills gave a power point presentation on the program. The data included information from surrounding states and information from the past few years. A complete printout of this presentation can be found with the board packet for this meeting.

**Action on re-labeling of antivirals:** Donna Artery from the Department of Health gave a presentation on relabeling Tamiflu and Relenza with the new expiration dates the FDA has approved. The cost to have a labeling company update these packages would cost 3 to 4 dollars per dose. This could be a cost of up to \$103,848. She informed the Board that if the department of health were to do the re-labeling themselves, only Donna Artery, Angie Van Houten and Bryon Hopper would be doing the process. They would also only change the label on the outside of the packages, none of these doses would be opened. **Charlie Smith moved to allow them to do the re-labeling according to the FDA. Jennifer Nevins seconded the motion which passed with a 5-0 vote.**

Donna Artery spoke of the education seminars she has been giving to senior citizens. She supplied everyone with a spreadsheet of the most common questions and their feedback on short quizzes. She is hoping to get to other areas this year.

**Approval of Immunization Certification Courses:** North Dakota State University and the University of Montana semester long immunization course syllabi were reviewed. Both include didactic and practical modules. **Jennifer Nevins moved and Randy Harrop seconded to approve the courses as the initial certification for immunizations by pharmacists. The motion passed with a 5-0 vote.**

**Board Budget:** Mary Walker gave handouts in the board packets of the final budget. This showed figures from the actual 2007 budget and the 2009 budget compared to the actual 2009. Included in this were the figures for the 2011 budget. Mary announced that money will need to be moved around as needed and we will need to be careful with this new budget.

Mary also had a spreadsheet of the expenses incurred for the board meetings in 2009 and 2010. With this data it was determined the board should only have 4 meetings in 2011 and they should be in Casper and Cheyenne due to budget constraints and the small turnout of attendees at meetings held around the state.

**Randy Harrop moved to have one more meeting in December 2010 and four in 2011. Terry Carr seconded the motion which passed with a 5-0 vote.**

The following dates have been selected for the last meeting of 2010 and the four in 2011:

December 10, 2010 will be an all day meeting in Casper

March 23-24, 2011 will be in Cheyenne  
June 23-24, 2011 will be in Casper  
September 7-8, 2011 will be in Cheyenne  
December 7-8, 2011 will be in Casper

**Board member training, August 5, 2010:** Charlie Smith and Stephanie McAntee both attended this training. Charlie spoke very highly of the training and even suggested others take a refresher course if needed. He spoke of things he learned. For example, when everyone goes to dinner together and they talk about any board issues they could actually cause a meeting without realizing it. The same goes with an e-mail. If an e-mail is sent out to everyone on the Board and anyone does a “reply all” this could cause a meeting. He also said we need to keep the practice act current to alleviate problems. Stephanie McAntee concurred with everything Charlie said.

**Office dispensing, exempt professions:** A report was reviewed showing which states allowed office dispensing. This topic will be on the agenda the next time the Boards of Pharmacy and Medicine have a joint meeting.

**Self Inspections of Pharmacies:** The board will encourage self inspections by sending copies of the check-off lists with the November 1 mailing, to all Pharmacists-in-Charge in Wyoming. It will be noted in the next newsletter that these are to be completed and filed for the compliance officers to review.

**Action: Public disciplinary actions on website:** There was an in depth discussion as to what type of information should be put on the website. Ken Nelson stated it has been shown the fear of being put out there for public scrutiny is the best deterrent for the future. Mary Walker will also put in the newsletter the intent of the Board to post this information on our website. It was decided to list what happened to the person, their name and license number.

**Charlie Smith moved to go forward with putting disciplinary actions on the website. Terry Carr seconded the motion which passed with a 4-1 vote.**

**Rules Revisions proposed (continued):**

Controlled Substance Act (CSA) Rules Chapter 3: Fees revised and credit card allowed. Grammar and numbering corrected throughout.

**Jennifer Nevins moved and Randy Harrop seconded to approve the changes as presented. The motion passed with a 5-0 vote.**

CSA Chapter 6 Prescriptions: corrections and numbering revised in addition to the following:

Section 2: definitions

**Terry Carr moved to accept this section as presented. John McPherson seconded the motion which passed with a 5-0 vote.**

Section 4: Purpose of Prescription

**Jennifer Nevins moved to accept this section as presented. Randy Harrop seconded the motion which passed with a 5-0 vote.**

Section 5: Manner of Issuance

**Terry Carr moved to accept this section with changes. Jennifer Nevins seconded the motion which passed with a 5-0 vote.**

Section 6: Persons Entitled to Fill Prescriptions. Addition of pharmacy technicians.

**Terry Carr Moved to accept this section as presented. John McPherson seconded the motion which passed with a 5-0 vote.**

Section 8: Electronic Prescription Transmission. New add: "or their agent" to (a)(i)(ii)(iii) and add "21 CFR" to (b)

**Jennifer Nevins moved to accept this section with changes. Terry Carr seconded the motion which passed with a 5-0 vote.**

Section 9: Requirement of Prescription for Schedule II Substances. Correct spelling in (c)(ii). In (e) re-state "the pharmacy software shall cancel all electronic schedule II controlled substance prescriptions once dispensed."

**Terry Carr moved to accept this section with changes. Jennifer Nevins seconded the motion which passed with a 4-0 vote.**

Section 11-18
