Information obtained through the controlled substance prescription tracking program is confidential and may not be released and is not admissible in any judicial or administrative proceeding, except as follows:

(iv) The board may release information that does not identify individual patients, practitioners, pharmacists or pharmacies, for educational, research or public information purposes; and

(v) Subject to the rules of evidence, information obtained from the program is admissible in a criminal proceeding or an administrative proceeding involving professional licensing.

(e) The board may apply for and accept any gifts, grants or donations to assist in developing and maintaining the program required by this section.
